Gaëtan FRANÇOIS

Senior HRIS Consultant, Functional & Technical - SAP HR / SuccessFactors

Profile

I have spent 15 years delivering, maintaining and migrating SAP HR solutions across complex, multi-country enterprise environments, built on a 10-year engagement with L'Oréal worldwide (40+ countries). I work on both sides of the role: I turn an HR requirement into a specification, configure the solution, and go into technical detail with developers. As an advanced Excel user, I handle very large data volumes daily and build both the mass data uploads from Excel into SAP and the reporting extracted from SAP back into Excel. I use Claude Code every day.

Professional Experience

2018 - 2025

L'ORÉAL
Freelance - Remote

HRIS Consultant, Functional & Technical

- Global SAP HR to SAP SuccessFactors Employee Central migration (**OneProfile**): functional specifications, data migration, UAT, go-live across 40+ countries
- Global payroll centralisation (**OnePayroll**): cross-functional coordination, data migration, go-live
- **Very large data volumes in Excel**: mass uploads from Excel into SAP (personnel, organisational structure, time data) with consistency checks after migration, plus SAP to Excel reporting for HR and payroll teams (extractions, multi-country consolidation, tracking tables)
- Tamigo deployment (time management) in retail stores worldwide: UAT, go-live, post-launch support
- SAP HR ongoing support & maintenance, root cause analysis on incidents

2016 - 2018

R&D
Bordeaux

AI, Machine Learning & Robotics

- **Machine Learning** (May 2017 - Apr. 2018): Coursera training - Python, ML, Deep Learning, scraping - applied to horse racing predictions
- **Autonomous drone** (Nov. 2016 - Apr. 2017): waterproof GoPro drone, Pixhawk / Mission Planner controller, electronics & robotics

2012 - 2016

ALTI - TCS
Paris
